## WORK STARTED ON EXPOSITION

Construction Director Here and Buildings Being Constructed for Fair.

With work started on the big buildings for the International Soil Products exposition, 50 percent of the available space already has been taken, according to R. K. Mansford, the exposition's manager. Construction of the buildings, which will cover 500,000 square feet of floor space, has been started at San Francisco and Chihuahua streets. They will extend to a point near Durango and San Antonio streets.

#### Main Gateway.

The work is being done under the direction of F. C. Dye, chief of the department of works for the exposition. The main gateway to the grounds will be at San Francisco and Chihuahua streets, Chihuahua street, between San Francisco and Leon streets, has been closed to traffic and is being roofed over.

#### International Building.

The international building, which will be 520 feet long, will be on Leon street, which also will be closed to traffic. The government building, where its \$20,000 display will be shown, is to be on San Antonio street and will be 300 feet long.

The block bounded by San Francisco, San Antonio, Chihuahua and Leon streets will be the site of the amusement and concession sections, the largest of the exposition.

#### Grading Lots.

Work was started Friday afternoon on the grading of the vacant lots between Chihuahua and Leon streets and for the counties building and grand entrance arch.

The architectural plan will include eight buildings which will occupy more than 300,000 square feet of space in the exposition group, of which the chamber of commerce is the center.

The counties building is to be one of the most pretentious of the buildings which are to be erected. The building is to be 200 by 50 feet.

#### In East El Paso; estimated cost \$150.
